

Public Health Workforce Development Internship Program

Epidemiology Internships - Fall 2024

Worksite: *The Center for Viral Hepatitis*

Location: *Baltimore, MD (Baltimore City)*

Title: *Epidemiology Intern*

Main Purpose:

The CVH Epidemiology internship is perfect for a recent college graduate or current Public Health or Epidemiology Program graduate student. The Intern will gain valuable resume experience and build program and data management skills that make the intern more employable, including relevant statistical skills in SAS and Tableau deployment. Our Epidemiologist intern will be part of the Center for Viral Hepatitis and will be responsible for helping to produce our data visualization for the viral hepatitis epidemiological profile. Ultimately, the CVH Intern will help contribute to the mission of the Office of Infectious Disease Prevention and Health Service Bureau to use data to address health equity for our interventions.
