San Joaquin County
is recruiting for:

Clinical Laboratory Operations
Director
San Joaquin General Hospital (SJGH)

THE POSITION
San Joaquin General Hospital is seeking an experienced laboratory professional with strong clinical and leadership skills to oversee the administrative and technical operations of the Clinical Laboratory and the Pathology Department. An ideal candidate will possess demonstrated supervisory experience over laboratory staff and will be knowledgeable in regulatory requirements of the State of California.

The Clinical Laboratory Operations Director oversees the following Laboratory Units: Hematology, Blood Bank, Microbiology, Chemistry and Pathology.

THE DEPARTMENT
The Clinical Laboratory is a 15,000 square feet state-of-the-art facility adjacent to the hospital. The laboratory features a fully automated (robotic assisted) system, offering chemistry, hematology, coagulation, blood bank, microbiology and pathology services to the hospital, clinics and surrounding community. The Laboratory has approximately 45 full-time and part-time employees.

SAN JOAQUIN GENERAL HOSPITAL
San Joaquin General Hospital, a public hospital, established in 1857, is a 196-bed general acute care trauma center providing a full range of both inpatient and outpatient services. In addition to providing direct medical services, the hospital is active in providing education for health professionals through post-graduate residency programs in General Surgery, Internal Medicine and Family Practice and has trained over 3,000 physicians since the residency programs were established in 1932. The hospital also participates in clinical affiliations.

San Joaquin General Hospital is dedicated to a philosophy of excellence in providing health services, education and professional training in an integrated system that values quality in life, family interaction, and respect for both clients and employees.

San Joaquin County is an Equal Opportunity Employer
A land of beauty, recreation and natural riches, from the waters of the Delta to the numerous grape vineyards, San Joaquin County has it all.

San Joaquin County boasts seven cities and some of the finest opportunities in the state for boating, fishing, camping, history-gathering, or just plain fun in the sun.

Each city, as well as the unincorporated county areas, offers a unique opportunity to enjoy natural California beauty and nature, or music, arts and culture. Whatever your interest, it can most likely be found in San Joaquin County.

EDUCATION
From preschool to higher education, the County has it covered with an abundant array of public or private opportunities to learn and grow. The University of the Pacific, California State University, Stanislaus - Stockton Center, Humphreys College and Law School, National University and the San Joaquin Delta Community College offer a wide variety of choices for educational opportunities.

The county's 17 school districts provide families with a wide choice for children's educational development. Housing is plentiful in San Joaquin County and is affordable when compared to other nearby areas.

Make San Joaquin County your new home. Housing ranges from new developments to historic homes found mostly in central Stockton and downtown Lodi.

San Joaquin County is a place where families can grow, learn, and experience the nature and beauty of the California landscape while benefiting from the unique opportunities - cultural, recreational, and educational - that the area provides.

AGRICULTURE
The county is one of the most agriculturally rich regions in California and is the number one producer, statewide, of asparagus. Twenty-four thousand acres of county farmland is dedicated to production of this crop. In recent years, the leading crop in the county has been wine grapes, and wineries and vineyards have sprung up from Stockton to Lodi.

ARTS, CULTURE, AND RECREATION
The arts and culture provide a much-needed respite from everyday worries and the Haggin Museum, San Joaquin County Historical Museum, and Stockton Children's Museum are popular spots.

The Stockton Symphony, San Joaquin County Ballet, and Stockton Civic Theater provide important experiences for children and adults. The multicultural community offers a diversity of views and opinions in its art and culture, providing a wealth of knowledge about past and present on canvas and stage.

Over 75 languages are spoken within the region and there is richness in the blending of cultures and ways that creates an air of celebration about individual customs, foods and cultures.

San Joaquin County government provides nine community parks for boating, camping, and picnicking, swimming and organized sports.

Annual family events include the Asparagus Festival, attended by thousands of fun-seekers from the County and beyond, held in downtown Stockton.

Individual cities and communities provide a host of other opportunities, from Lodi Lake Park and Nature Area to the Woodbridge Ecological Reserve. The County-owned and operated Micke Grove Park offers a zoo, rides and an historical museum to delight both children and adults. The San Joaquin Delta is one of the area's best kept secrets and offers some of the best boating in the state; more than 1,000 miles of waterways stretching from the Stockton Harbor to north of Sacramento and offering access to the San Francisco Bay.

San Joaquin County is an Equal Opportunity Employer
**CLINICAL LABORATORY OPERATIONS DIRECTOR**  
SAN JOAQUIN GENERAL HOSPITAL

**TYPICAL DUTIES**
- Directs the technical and administrative work of Laboratory services. Through subordinate supervisors, provides appropriate guidance and technical expertise to staff performing various activities and tests in areas such as microbiology, hematology, chemistry, serology, mycology, parasitology, blood banking and pathology.
- Develops and oversees Laboratory quality control and quality improvement programs. Assures compliance with the College of American Pathologists, State and other regulations. Monitors work in progress as well as completed work to assure correct analyses and improve the quality of services.
- Develops, interprets and implements goals, policies, and procedures for the effective and efficient management of Laboratory facilities, services, and personnel.
- Prepares and administers the Laboratory budgets. Monitors, evaluates and authorizes expenditures as needed.
- Assures appropriate Laboratory staffing: selects, assigns, trains and evaluates the performance of subordinate staff. Takes appropriate action on disciplinary matters and verifies and monitors staff proficiency. Identifies staff development needs and oversees training and education activities.

**THE IDEAL CANDIDATE**
In addition to being a licensed Clinical Laboratory Scientist in the State of California, the ideal candidate will possess:
- A Bachelor’s or Master’s Degree in Healthcare or Public Administration, Business Administration, Biological Science, Chemistry, or Medical Technology.
- Management/administrative experience in an acute care or large laboratory facility.
- Outstanding leadership skills over clinical laboratory staff.
- Well developed organizational and decision making skills.
- Knowledge of State and Federal laws, regulations, and surveys pertaining to an acute care hospital environment.
- Knowledge of hospital laboratory licensing, accreditation and certification requirements.
- A high level of integrity and ethics.
- Excellent written and verbal communication skills.
- Experience in developing and implementing laboratory policies and procedures.

DESIRABLE QUALIFICATIONS

Education: Graduation from an accredited college or university with a Bachelor’s or Master’s degree, preferably with a major in Public or Business Administration, Biological Science, Chemistry, Medical Technology or closely related field.

Experience: One (1) year as an Assistant Clinical Laboratory Operations Manager for San Joaquin County or four (4) years of supervisory/administrative experience in a laboratory equivalent to or higher than a Clinical Lab Technologist III in San Joaquin County.

REQUIRED QUALIFICATIONS

License: Possession of a valid license as a Clinical Laboratory Scientist issued by the State of California, CDPH.

APPLICATION AND SELECTION

Completed application package including the supplemental application must be submitted to the Human Resources Division. This recruitment is Open Until Filled.

Apply Online Today: www.sjgov.org/department/hr
Or submit your application, supplemental questionnaire and resume to:
San Joaquin County Human Resources
Attn: Roman Plateau
44 N. San Joaquin Street Suite 330
Stockton, CA 95202
Tel: (209) 468-6918
Fax: (209) 468-6271

If warranted by the number of candidates, applications may be reviewed by a screening panel to determine those selected to participate in a screening interview.

A background investigation will be required for all final candidates. Final appointment will be conditional upon passing a drug screening test as well as a DOJ Live Scan fingerprinting.

This position is exempt from the San Joaquin County Civil Service System. Appointments to exempt positions are at-will and not governed by the Civil Service Rules.

San Joaquin County is an Equal Opportunity Employer
Supplemental Questions

Submit responses to the following questions along with your employment application to the San Joaquin County Human Resources Division. Number your responses and address each question separately, with a limit of one page per question. Provide a detailed description of your experience including employer name, position title and dates of employment with each answer. The responses to the following questions will be used in evaluating your qualifications.

1. Describe your administrative management experience with hospital clinical and pathology laboratories. Include the size of the hospital/agency and the scope of the services provided in the following areas:
   ⇒ Budgetary Development
   ⇒ Policy and Procedure Development and Implementation
   ⇒ Clinical Training of Laboratory Staff

2. Describe your experience managing hospital laboratory supervisors and staff. Include the number of direct and indirect staff and the functions you would oversee.

3. Describe your experience participating in regulatory surveys such as Clinical Laboratory Improvement Amendments (CLIA) and College of American Pathologists (CAP). Describe your role in the process.

4. Describe your experience working collaboratively with physicians and various department managers on a Quality Improvement project. Describe your role and/or responsibilities and the project’s final outcome.
